CATALOG-MAILER NO. 13
SEPTEMBER 1973

OUR POLICY

GRADING: All our coins are graded by the strictest, most conservative standards possible. We do not "push" grades, we do not sell processed coins without mentioning that they are processed, and we do not sell defective or repaired coins without fully describing the defects. In short, all coins are fully as described. We feel that overgraded, mis-described, and mis-attributed coins is the biggest single problem in numismatics and we know of few if any dealers who can compete with our tough standards of describing coins.

PRICING: We have priced our coins based on true accurate market value. Because we do not push the grading on our coins, our prices may seem comparatively high as compared to other mail order dealers. However, we are convinced that when quality is taken into consideration as well, we offer the best possible value for your dollar. We invite you to compare the quality of our coins to those offered elsewhere. We're convinced that you will be able to see that the difference in quality is always worth more than the difference in price.

WHAT WE DEAL IN: We buy and sell United States coinage, and we try to deal, as much as possible, in rare, non-speculative items. We do not deal in bulk silver, common proofs, sets, late date BU rolls (that exist in bag quantities), bulk silver dollars or other common items. Instead, we feel that rare date coins, choice type material, choice condition or scarce date gold coins, colonials, territorial gold, and other scarcer items (that do not exist anywhere in enormous quantities) offer our customers both greater pleasure and far greater long-term investment potential.

UNSOLICITED TESTIMONIALS FROM OUR CUSTOMERS

"I recently ordered an 1878 MS-70 Morgan Dollar from you and I wish to commend you for the quality of the coin sent. It was strictly MS-70, a beautiful coin. Again, I thank you for prompt service and quality merchandise."

Dr. F.B.L., Wood, Wisconsin

"These four are some of the most beautiful cents I've ever received in the mail. The 1817 is now one of the prizes of my collection. Last week I returned dozens of coins from dealers all over the country (including a whole shipment from [well known California dealer]) that were cleaned, damaged or simply overgraded. So it's a real pleasure to find real unc coins in the mail. Keep up the good work, hope to do a lot of business with you in the future."

J.B., Homewood, Illinois

"I was very pleased with the 1914 \$2 1/2 gold piece, as I was with all the others. It is turning out to be a very beautiful set."

B.M., Oak Lawn, Illinois

"I have seen many so-called dealers come and go, but they didn't know quality coins from first base. I believe you have what it takes to render good service with fairly priced quality coins and that you already enjoy quality customers."

Dr. R.G.P., Martin, Tennessee

"Your accurate grading and prompt service are very much appreciated. I have done a good deal of shopping around and N.E.R.C.G. is the only form I continue to do business with. I plan to expand my orders. This is my first laudatory letter to a coin dealership and it is well deserved."

W.C., Charlotte, N.C.

"I received the 1881 Gem \$1 gold and I'm delighted with it. I think you grading is correct, the first company I have found yet. You have a new customer in me."

Capt. A.F., APO New York

"Thank you so very much for the 1921-D dime. It certainly is a pleasure doing business with you."

W.D.C., Newport News, Virginia

MORGAN DOLLARS

GRADING:

MS-60 - Strictly brilliant Unc, full mint frost as taken from original mint rolls. These coins will have normal bagmarks and will have normal strikes for the date. These are NOT sliders---in fact some call these Ch. gem, or select.

MS-65 - Choice brilliant Unc, well struck with minimum bagmarks. These are normally called gems in today's market. Generally, our MS-65 coins will please anyone.

MS-70 - Truly Gem BU, virtually perfect, fully struck coins with essentially NO bagmarks. Many dates simply do not exist in true MS-70 condition (although you see them advertised as MS-70 quite often.)
